

SURAFEL SANGA

Software Engineer | DevOps | IT Infrastructure

Addis Ababa, Ethiopia | +251956002465 | suresong101@gmail.com | LinkedIn: <https://www.linkedin.com/in/surafel-sanga/> | GitHub: <https://github.com/surasong72>

PROFESSIONAL SUMMARY

Computer Engineering graduate and Software Engineer with practical experience in web application development, IT infrastructure, networking, and cybersecurity. Experienced with PHP, Laravel, Vue.js, JavaScript, WordPress, Python, Linux, and database-driven applications. Skilled in troubleshooting technical and software issues and supporting reliable IT systems. Cisco certified in CyberOps and Network Security, with a strong interest in software engineering, DevOps, cloud infrastructure, and secure technology solutions.

TECHNICAL SKILLS

Systems: Linux, Windows, System Administration, SSH, Virtualization

Cybersecurity: Network Security, Security Monitoring, Threat Intelligence, Vulnerability Management, Incident Response

Networking: TCP/IP, IPv4, VLAN, Routing & Switching, OSPF, DNS, DHCP, NAT, VPN, Cisco

DevOps & Tools: Git, GitHub, Docker, Linux, CI/CD fundamentals

Databases: MySQL, PostgreSQL, MongoDB

Frameworks & Development: Laravel, React.js, Vue.js, WordPress, Elementor, REST APIs

Programming: Python, JavaScript, PHP, Java, C++

PROFESSIONAL EXPERIENCE

Software Engineer | Wass Electromechanical Works PLC

Jun 2025 – Mar 2026

- Developed and maintained web applications and digital solutions for business operations.
- Designed and maintained database-driven functionality for web applications.
- Developed and maintained the company website and supported web-related technical requirements.
- Troubleshoot software, application, network, and IT infrastructure issues.
- Supported deployment, maintenance, and day-to-day operation of IT systems.

Worked with team members to understand requirements and deliver practical software and technology solutions.

Oct 2023 – Sep 2024

- Taught information technology to students in Grades 7–10.
- Explained technical concepts using simple and practical examples.
- Prepared lessons and practical exercises and supported students with computer and software issues.

Network Intern | Development Bank of Ethiopia

Jun 2022 – Oct 2022

- Gained practical experience in network configuration, troubleshooting, and IT infrastructure support.
- Worked with Cisco networking equipment and enterprise network concepts.
- Applied knowledge of TCP/IP, routing, switching, and network security.
- Designed an enterprise network architecture as a technical demonstration based on knowledge gained during the internship.

PROJECTS

Pharmaceutical Supply Chain Management System | *Laravel, Vue.js, PHP, MySQL*

- Developed a web-based pharmaceutical supply chain management system.
- Built application features using Laravel and Vue.js and worked with database functionality.

Amharic Sign Language Recognition System | *Python, CNN, Machine Learning*

- Developed a sign language recognition system using a convolutional neural network.
- Processed image data and trained a model to recognize Amharic sign language.

Enterprise Network Design | *Cisco, Packet Tracer*

- Designed an enterprise network architecture with multiple network segments.
- Applied routing, switching, VLAN, and network security concepts.

Company Website | *WordPress, Elementor*

- Developed and maintained the company website to support business communication and online presence.

EDUCATION

Bachelor of Science in Computer Engineering | Bahir Dar University

Ethiopia

CERTIFICATIONS

- Cisco CyberOps Associate
- Network Security
- NDG Linux Essentials
- Linux Foundation Certificate
- Career Essentials in System Administration — Microsoft & LinkedIn
- Foundation Level Threat Intelligence Analyst — ArcX
- GDPR Foundation Training
- Meta: Introduction to Front-End Development, Programming with JavaScript, Version Control with Meta

LANGUAGES

English — Professional working proficiency | Amharic — Native

ADDITIONAL INFORMATION

- Open to remote opportunities
- Remote collaboration, technical documentation, problem solving, and team communication
